Marshall, Mitchell, and Rhodes – Yale Application Timeline and Deadlines for 2022-2023

Fellowship Programs, Yale Center for International & Professional Experience

- Updated forms and information about the Yale application process should be available online by May, via the Yale Student Grants Database (http://studentgrants.yale.edu/). Subscribe to our newsletter for all the latest information and reminders.
- Interested Yale applicants, having done some research on their own, are encouraged to schedule an appointment with Rebekah Westphal, Director of Fellowship Programs and adviser for UK and Irish Fellowships.

March - June

- **Research degree courses at universities in the UK and Ireland** (as well as US options). Information is available online through the Fellowships website’s Resources for Study in the UK and Ireland (http://funding.yale.edu/fellowships/graduate-study-uk-ireland), and through official Marshall, Mitchell, and Rhodes websites.
- **Consult faculty mentors about suitable graduate programs**, make an appointment for a one-on-one Fellowships advising appointment, talk to Graduate Fellowship Affiliates and other contacts (ask for suggestions from the wide Yale network).
- **Review Yale application information via the Yale Student Grants Database**. **Official online application systems** will be available for the Marshall from late spring, for Mitchell from April, and for the Canadian and US Rhodes from June.
  - Rhodes competitions in countries other than the US and Canada have different deadlines and requirements than those listed here, so **check them individually**. Although only the US, Canadian and Global Rhodes require university endorsement via Yale, Fellowships staff gladly advise Yale applicants for other competitions.
- **Think about who might write strong letters of reference**. Make initial contacts with people you hope will write your references (see advice on Fellowships website about the best way to ask for letters)
  - Only 3 letters need to be requested for the campus endorsement process by the preliminary deadline, on August 1.
  - **IF YOU ARE ENDORSED BY YALE**, you may need extra letters by the beginning of October, so plan ahead:
    - **MARSHALL** requires 3 letters. (1 primary/overview letter, 1 general academic letter, 1 letter which speaks to leadership)
    - **MITCHELL** requires 4 letters. (At least 2 must be from faculty who have taught you).
    - **RHODES** requires 5-8 letters. (At least 4 must be from faculty who have taught you/supervised research; the Canadian Rhodes requires exactly 6).
- **Start writing!** Seek advice on the Fellowships website, from your academic advisers, college writing tutor, Fellowships staff, Graduate Fellowship Affiliates among others.
  - **IMPORTANT NOTE**: Students applying for RHODES (Canadian, US and other national competitions) may not receive feedback or comments of any description on the personal statement from anyone.

July – August

- **Begin an application in the Yale Student Grants Database** before the preliminary campus deadline on August 1 (see below).
- **MARSHALL** applicants: order any official non-Yale transcripts to be sent to the Fellowships office by the August 15 campus deadline.
August is also a good time to begin working on applications for admission to British/Irish universities if planning to apply independently – this is not required to apply for Marshall, Mitchell, or Rhodes but it is recommended if you want to pursue other funding options. Other fellowship deadlines will follow soon: US Gates Cambridge, Churchill deadlines are in October.
